Minutes of last meeting; approved by J McManus, V McHugh

Police; 74 crimes reported. Drugs-2, assault-12, vandalism-11 majority youths, breach of the peace- 11 majority youths, some minor traffic offences,

Regarding youth disorder there is a multi agency approach to tackling this issue only 3 identified as coming from Gorbals. Although it seems to have become quieter there is the need for the community to be reassured that there is strategies in place dealing with the issue.

TREASURER'S REPORT; £1781.03 POUNDS in bank

ST JOHN'S AMBULANCE: Stuart outlines details of the defibrillator project which looks to have portable defibrillators in all communities so that residents can use these 24/7 in the event of an emergency. Bystander CPR has a greater outcome for the victim of a heart event than someone only treated in hospital. Stuart then goes on to demonstrate the defibrillator explaining that the unit goes through every step of the way and importantly will tell you if the patient needs the unit to be used on them. For outside use they need to be stored in a cabinet, checked every month and new pads bought if they have been used. Units cost in the region of £1000 but there would be some donation from ST Johns. 40 people were given training at the Gorbals Fair

COUNCILLOR REPORTS; Cllr Hunter- work needs done to establish who owns streets in Gorbals NGHA or Council

Cllr Scanlon- helping J Hewitt with bulk outside of his house, trying to identify culprits, people putting bulk out early.

Site at old castle cash and carry, residential, shop units pending.

Restaurant – enforcement action to be taken.

Comments; 3 weeks since food bins been emptied. 197 Cumberland St lifts breaking down.

Bulk- fridges left out in street, resident needs to phone for pickup.

CORRESPONDANCE; SCHEME OF ESTABLISHMENT- proposed changes to this document responses due soon.

Street trader temporary license Crown street- we have objected to this.

M Andrew- spoke about concerns regarding double yellow lines in Errol Gardens, he feels there would not be enough provision for his family and visitors. He feels consultation and public meetings have not been held. Members reassured him that meetings had been in place and letters sent out, it was also stated that we as a Community Council are working closely with the Roads department and that any potential solutions are only being investigated at this time and the Roads department will decide within their own public consultation what will work.

DATE OF NEXT MEETING; 21ST AUGUST
